Why Tori Hope Petersen

- Tori knows firsthand how hard the foster care system can be on kids, as she was a foster youth herself. She entered foster care at age 3 and lived in 12 different foster homes by the time she was 15. This led her to become a leading advocate for foster care and found the nonprofit Beloved Initiative.
- Her faith goes hand in hand with everything she does. As a devout Christian, Tori knows that God has a plan for her, and she hopes to spread His message to others across the country. She calls upon fellow Christians to open their hearts and homes to foster youth and help them on their path toward healing.
- As Mrs. Universe 2022, Tori is using her platform to share her message of hope and healing after trauma with an international audience.
- Tori is a self-made entrepreneur and has built her entire social media platform from the ground up. She wants to help other women learn how to generate revenue for their families.
